

[CRACK ImgBurn 2.5.7.0 Latest Stable Version 5 19 2013](http://www.imgburn.com/index.php?act=download)

The screenshot shows the official ImgBurn website's download page for version 2.5.8.0. The browser address bar shows the URL <http://www.imgburn.com/index.php?act=download>. The page features the ImgBurn logo and navigation links for News, Download, Change log, Screenshots, Guides, Forum, Reviews, and Links. A navigation bar includes links for Imgburn Software, Image Burn 2.0, Imgburn Download, and Imgburn EXE. The main content area is titled 'Download' and displays 'ImgBurn v2.5.8.0 (3,389 KB)' with a release date of 'Sunday 16th June 2013'. A large green 'Download Now' button is prominent. Below it, a list of seven mirrors is provided, each with its provider and a note that they are 'Currently hosting v2.5.8.0'. The mirrors are: Mirror 1 - Provided by Digital Digest; Mirror 2 - Provided by BetaNews; Mirror 3 - Provided by Softpedia; Mirror 4 - Provided by Free-Codex.com; Mirror 5 - Provided by TechSpot; Mirror 6 - Provided by MajorGeeks; and Mirror 7 - Provided by ImqBurn. Hash values for CRC32, MD5, and SHA-1 are listed. On the left, there is an 'Info' section with version and release details, a 'Donate' section with a PayPal logo, and an advertisement. On the right, there are links for 'Install Latest Windows 7, 8' and 'Lightweight Blu-ray burner'. A 'Free Imgburn Download' section at the bottom provides a link to softreviews.co/IMGburn. A cookie notice is visible in the bottom right corner.
